GVC is an Italian NGO founded in 1971 active in international development and humanitarian aid projects. We work to return dignity to entire communities; we fight poverty and injustice so that the fundamental rights of every person can be recognised. In almost fifty years of activity, we have reached the remotest corners of the world, setting up thousands of sustainable development cooperation projects.

In 2016, GVC managed 84 projects, operating in 24 countries. From Africa to Latin America, from Asia to the Middle East, through to Europe. We act involving people, civil society organisations, governments and local authorities, to ensure access to water, food, health, education and work for thousands of people.

During a humanitarian emergency, GVC works to rebuild what has been destroyed and to rekindle growth and sustainable development processes. Our interventions aim to increase the population's resilience, enhancing a community's capacity to find, within its fabric, the skills and resources necessary to grow in a self-sufficient manner.

Our staff is the key to achieving ambitious goals. With nearly 770 professionals employed and 250 partners, over the past 12 months GVC has reached 1.4 million people. The organisation's programmes (26 million in 2016) are co-funded by the most important humanitarian and development aid donors such as EU (DEVCO, EACEA, ECHO, NEAR), United Nations (OCHA, UNHCR, UNDP, UNICEF, WFP, FAO) and individual countries (AICS, JICA, France and Dutch Embassies) as well as by private donors and foundations.

Our programmes rely on highly specialised staff, able to implement tailored methods and practices in order to meet the different needs of beneficiaries and donor requirements.

The challenges that characterise the environments we work in are tackled by creating innovative synergies that draw on teamwork, multi-disciplinary experiences and by pairing international and local expertise.

Respect for individuals and constancy are essential and inalienable characteristics if operating in contexts requiring strong human and professional talents.

Being part of the GVC team means taking part in the development of a dynamic organisation where the contribution of each staff member is promoted and valued, working together towards the collective achievement of our goals and vision.

Job Description

GVC is establishing its presence in Libya with the aim to tailor its Community Protection Approach to the Libyan context, building community resilience, fostering inclusive human rights and promoting shared durable solutions.
